### ***What is the Financial Ombudsman Service (FOS)?***

FOS was set up by law as an independent public body. Its job is to provide a speedy and cost effective way to resolve disputes between financial companies and their customers without having to go to court.

### ***How they can help***

FOS will listen to both sides of the story, and will give advice or make decisions based on the facts that they see. If you choose to accept the Ombudsman's decision then it's legally binding on both you and the business. However you don't have to accept it, you're still free to pursue the matter further through the courts should you wish.

If you'd like more information on the Ombudsman, what they do and how they can help, then you can also visit their website at <http://www.financial-ombudsman.org.uk/>
